

Homogeneous Vinyl Flooring Solutions for Schools, Hospitals & Healthcare Facilities

2026

A Strong Foundation for Safer Spaces.

Create practical, welcoming environments with homogeneous vinyl flooring designed for busy schools, hospitals and healthcare facilities.

Explore resilient, easy-to-maintain surfaces that support daily movement, routine cleaning and long-term performance.

Designed Around Your Space

Built for Daily Traffic

Choose flooring suited to busy corridors, classrooms and healthcare spaces.

Consistent Surface Design

Enjoy a uniform appearance with colour and pattern distributed through the material.

Easy Everyday Care

Maintain cleaner-looking surfaces with appropriate cleaning and maintenance routines.

A Finish That Fits

Coordinate colours, surface finishes and installation details with your facility.

Specifications

Selection details for your vinyl flooring project.

Specification	Details
Material	Homogeneous PVC-based vinyl flooring
Product Format	Sheet flooring; confirm selected range
Total Thickness	Confirm selected product
Wear Layer	Confirm suitability for intended traffic
Dimensions	Confirm roll width and length
Surface Finish	Uniform, through-body colour and pattern
Colour Options	Confirm against physical samples
Installation	As specified for selected range
